INFORMATION TO THE UNDERTAKING UNDER THE PRIVACY REGULATION

The motto for the Kainuun Liikunta is #makingpropersport and we also handle data protection properly. We want to take maximum care of both our customers and their personal data that we collect, receive, process and store. In addition, we want our customers to have the possibility to check their information and, if necessary, become forgotten.

In order to enroll and participate in the events and training we provide, you must approve the data collection and processing methods described in this privacy statement. This consent is made when registering by ticking the box or any other measure requiring consent. We collect personal information to facilitate the smooth, trouble-free communication, transactions, marketing, reporting and billing related to event management and customer relationship management, and to participate in events and events with a good heart rate and security.

Purpose and legal basis for processing personal data

Kainuun Liikunta ry is a provincial sports and sports development, cooperation and service organization. Its members are the municipalities and sports clubs of Kainuu region, several provincial sports and public health organizations and educational institutions. The operating area of Kainuun Liikunta is the province of Kainuu; its eight municipalities (Hyrnsalmi, Kajaani, Kuhmo, Paltamo, Puolanka, Ristijärvi, Sotkamo, Suomussalmi) and Vaala.

25.5.2018

Kainuun Liikunta ry is a registered non-profit association in Finland. Personal data is collected for a specific, explicit and legitimate purpose. Information is collected to maintain the marketing register and to allow regular association activities (eg newsletters and member bulletins). The legal basis for handling personal data is a consent.

The groups of personal data in the Register

The register contains the personal data of the registrar's clients or those who have registered and participated in an event, training, wellness training or fitness test organized by the registrar, including but not limited to

- First and the last name
- Date of birth
- Gender
- Address
- Domicile
- Email
- Phone number
- Team
- Sport and its results
- Nationality
- Food allergies
- Other necessary information needed in connection with the event
- Photos taken on the event

Statutory sources of information

Customer register information is collected from the customer him/herself or his / her guardian. Coach information can be collected straight from the coach.

Statutory deliveries of information

The name, club, date of birth and domicile of the registered person for the competition or for the event can be delivered from the event register to the national / international sport federation and/or to the start- and result lists which may be published on the event website. In addition, the personal data of the registered people can be transferred from the register to a defined personal data processor such as a paid enrollment system, a feedback collection system or a billing program with which Kainuu Liikunta has an agreement on data processing. Information on food allergies can be

25.5.2018

delivered to the alimentation organization if necessary. Name, date of birth and address can be given to the hotel if necessary.

Transmission of data outside the EEA

Data is not transmitted outside the EEA except for photographs that can be transferred outside the EEA to US located service providers that are approved under the Privacy Shield Policy.

Profiling and automatic decision making

Profiling and automatic decision making is not done with the information of the register.

Place of the storage and storage period

Personal data is kept technically secure on a server located on the EU area or outside the EEA by service providers that are approved under the Privacy Shield Policy. Data protection is provided by the user ID - password method. User IDs will be handed over to Kainuun Liikunta's staff. Manual material will only be printed if needed and will be kept in the locked cabinet at Kainuun Liikunta's premises. Only authorized persons can process the data. Manually processed materials will be properly destroyed after processing. Personal data will be kept for as long as it is necessary to enable the participant to register and the related event to be organized. The data will be deleted when the retention time specified above has elapsed.

Rights of the registered person

The registered person has the right to check his/her personal data that is stored in the register. The registered person has the right to require the registrar to correct any incorrect information about him/her. The registered person has the right to require the registrar to remove personal data relating to him/her or to ask to stop the processing of his/her personal data if there is no longer any ground for the data processing. The registered person has the right to oppose the processing, marketing and profiling of his/her personal data.

The registered person shall have the right to receive his/her personal data which he/she has provided to the register, in a generally used and machine-readable form, and the right to transfer such data to another registrar. Requests for the use of registered rights must be submitted in writing and signed to the register's contact person. The registered person shall also have the right to make a complaint to the supervising authority in the member state in which he or she is a resident or working or where the alleged violation of the Data Protection Regulation has occurred.
